Fun Night is 3 1/2 hours of Fun for kids that are 5 & up enrolled class, 6 & up not enrolled in our classes. The kids have free time to workout in the gym. They can work on skills, play games, have fun on trampolines, go through our Sea World Inflatable. We supervise the kids & help them work on some skills. We give verbal instruction, minimum spotting. Fun night is meant for kids to work on skills they can already do safely. If you would like to work on a new skill (with a coach) or be spotted we provide : Classes & Private Lessons to teach & work on new skills.
